Welcome to the Stillwater County 4-H Program! We are so very excited that your family has chosen to join this great program in your county & community. We encourage you to make 4-H a family affair. You may have some questions about 4-H as your child progresses through the program. Please feel free to visit with your child’s organizational or project leader or you may contact the MSU Extension Office at any time for more information, assistance or guidance at: P.O. Box 807, Columbus, MT 59019, stillwater@montana.edu or 406-322-8035.

This handbook provides the 4-H principles and standards of excellence and we hope that it will offer clarification on issues, deadlines, and policies and procedures. Please remember that policies and deadlines specific to the fair are provided in the Fair Book. This Handbook does not replace the Fair Book!

Another great tool for new members and current members alike is “The New Family Handbook.” It is a Montana 4-H publication which contains basic information about 4-H: the Pledge, Motto, Emblem, the Learning Model and Philosophy of 4-H. If you would like a copy of this publication, please contact the Extension Office or visit our website at http://msuextension.org/stillwater/

We, at Extension, look forward to sharing in your child’s growth and development through 4-H events and activities with you! Please be sure to read the monthly newsletters and emails from our office as these are the two main sources we use to communicate with all of our members.

**Dates To Remember**

The following are dates to remember each year. Specific dates for each year will come out in monthly 4-H extension. Please be watching for those so you don’t miss out on the many exciting events that take place in our neck-of-the-woods and around the state. **ALL registration forms and county deadlines are due as stated on specific event forms or in newsletter. They will be accepted up to a week after the original listed deadline but MUST be accompanied by a $20 late fee. No late entries/forms will be accepted after the following week of posted deadline.** (EX: Form says due on July 22, 2018. They have up to 7 days (July 29th) to turn in late form and $20 fee. They may not turn in form/late fee after the 29th. If the 29th falls on a weekend, forms must be turned in before the weekend/date.)

- Fostering Positive Self-Concept and Self-Respect
- Learning Decision-Making and Responsibilities for Choices
- Developing an Inquiring Mind
- Relating to Self and Others
- Acquiring a Concern for Communities—Local & Global

Mission Statement

Educating youth and adults for living in a global world through experiential learning programs using the resources of the land-grant University and USDA.

4-H Structure

The following diagram illustrates the structure of 4-H in the United States. The Extension Agent is the authority on the program in each county and is supported by the local 4-H Council. The Council supports and provides direction to club organizational leaders and project leaders.
Guiding Principles of Montana 4-H

- 4-H is a human development program that teaches life skills.
- 4-H uses a variety of delivery methods such as clubs, special interest groups, activities and events, newsletters, satellite programs, camps, enrichment programs or individual participation.
- A youth enrolling in any 4-H project is considered a 4-H member is eligible to take part in other 4-H programs.
- 4-H relies on local determination of programs to fit specific needs of youth to be involved.
- 4-H is a family centered program.
- The 4-H program is carried out by salaried Extension Staff, volunteers, teen leaders, and members.
- 4-H strives to provide programs that appeal to diverse audiences.

What is a 4-H Council?

4-H Councils have provided key support to 4-H programs and have strengthened youth development since Montana 4-H’s earliest beginnings. With a small number of professional staff, leaders organized councils as a way to share information, establish more uniformity in programs and events, and to provide training for new leaders.

The first county 4-H leaders’ association was formed in 1926 in Cascade County, and the form spread widely. By 1930, refinements were made which produced the first County 4-H Councils. Montana was one of the first states to adopt the council idea. During council meeting, arrangements were made for details related to fairs, achievement days, tours, demonstration’s, picnics, dress revues, camp awards, and trips to conferences and conventions. Finances, transportation facilities and other ever-present needs, as well as general promotion and marketing, all lay within the province of the 4-H Council.

Today, the purpose of 4-H Councils remains the same. Councils help organize county and regional events and activities, plan achievement programs, support trips to conferences and all the rest. Councils are still designed to promote youth development opportunities for boys and girls in urban, rural and suburban areas, and to increase the number of volunteers. (An action form is used when someone is wanting an action to take place. This form is on page 44.) For example, 4-H Councils can help with the following roles—

Education

- **Organize and support additional programs for youth**
  Establish or support educational opportunities for youth beyond the club level, including camp, member exchanges (intra- and inter-state) county fair and project activities

- **Support volunteer education**
  Conduct adult and youth volunteer training, provide financial support for volunteer education and promote volunteer development via meetings, newsletters and phone.

- **Advise county 4-H program development**
  Explore new 4-H youth development opportunities and challenges. Provide advice on youth and volunteer needs and issues to the county Extension agent. Work to ensure that all youth participating in Extension youth programs (afterschool programs, camp, clubs, and other programs) have equal access to 4-H programs.

Support

- **Manage budget and raise funds to support 4-H youth development work.**
  Develop and manage a budget that supports 4-H youth development work. Do fund-raising to support these budgets.

- **Coordinate county level recognition.**
  Develop meaningful recognition for young people and volunteers.
Connect

- **Represent 4-H Youth Development in the community.**
  Establish a promotion committee or Ambassador program.

- **Connect all clubs in the county.**
  The 4-H Council can provide a vital communication link for all clubs in the county. Common interests and goals can be coordinated, such as with fund-raising and community service activities.

- **Advocate for 4-H youth development with public officials.**
  Maintain personal contact with government officials so that they understand the benefits of 4-H work and 4-H programs.

### What are the roles of the County Extension Agents?

As paid employees of the MSU Extension Service, County Extension agents have ultimate responsibility for and leadership of the 4-H program at the local level.

- **Educator**
  The role of the salaried Extension 4-H staff is to educate youth and adults, and to develop and manage a system through which Extension and other volunteers provide educational programs that enhance subject matter knowledge and life skills development in youth. Extension personnel serve as educators, change agents, leaders and program managers, including ensuring fiscal responsibility of 4-H programs.

- **Mission Guardian**
  4-H program policy authority is held by Extension personnel. Moreover, the county Extension agent has final authority in matters of conduct, discipline, health and safety in connection with 4-H members and leaders attending 4-H events and activities in the county.

- **Link to Larger System**
  Extension agents are the link to the larger 4-H youth development and MSU Extension system. They have knowledge of state and national level resources, new programs, policies and sources of training. They report local progress and concerns to state staff who support the work of the county 4-H organization.

- **Youth development**
  The Extension agent ensures that programs are focused on positive youth development and essential elements of positive youth development settings. The county agent also provides youth development programming in the community, promotion of outreach 4-H programming such as after-school clubs, summer youth program, community garden programs, community youth leadership groups, and short-term youth programs taking place in the community.

4-H Councils are not responsible for the hiring or supervision of 4-H youth development faculty or staff. At the same time, 4-H Councils do not determine 4-H program policies, but can advise the county Extension agent on policy matters for the county-wide program.

4-H Councils are accountable to MSU Extension for their activities and finances. Their continuing existence is dependent upon MSU Extension’s authorization and oversight. 4-H youth development volunteers are expected to abide by the code of conduct established for 4-H volunteers, and to conduct themselves as positive role models for youth. All 4-H youth development volunteers are ultimately accountable to MSU Extension for their 4-H related activities and actions.
What is a 4-H Club?

4-H clubs are groups of young people organized with officers, organizational leaders, project leaders, and teen leaders under the sponsorship of the Extension System. Your club organizational leader, project and activity leaders will be able to answer many of your questions. Teen members, with first hand experience in a project or activity, or county level resources leaders that are willing to help, are also great resources.

What Happens at a 4-H Meeting?

The purpose of the club meeting is to help boys and girls:

- Acquire new information
- Learn to use leisure time creatively
- Develop social skills
- Acquire leadership and citizenship traits
- Learn to conduct meetings

A typical 4-H meeting will include Group Decisions, Groups Building, and a Program or Activity. For more information on the parts of a good club meeting, please refer to the “New 4-H Family Handbook,” available at the Extension Office or at http://msuextension.org/stillwater/

4-H Club Meetings should include:

- 15 Minutes Business Meeting
- 45 Minutes Educational Program
- 30 Minutes Recreation

What is a 4-H Year?

The fiscal year for 4-H starts October 1 and ends the following September 30th. Each year that you complete the program, you advance one year. In order to complete a 4-H year, you must be enrolled in the program by the enrollment deadline and you must complete your record book by the record book deadline. If you enroll in the program, but do not complete your record book by the deadline, you do not advance that year. For an example, if Sally enrolled in 4-H for 8 years, but never completed her 4-H record book, she would still be a first year member in the program.

What is my 4-H Age?

Your 4-H age is different than your years in 4-H. Your 4-H age is based off of the 4-H fiscal calendar, which starts October 1. To calculate your 4-H year: if your birthday is prior to Oct. 1, the beginning of the 4-H year, then your current age is also your 4-H age. If your birthday falls after Oct. 1, your 4-H age is then 1 year less than your actual age. For example, if John turns 14 on September 30, then John’s 4-H age is 14. However, if John turns 14 on October 2, John’s 4-H age is 13.
**What are the 4-H Age Divisions?**
The 4-H age decisions are based on your 4-H age. Age divisions are used when you are competing in 4-H events.

<table>
<thead>
<tr>
<th>Division</th>
<th>Age Range</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cloverbud</td>
<td>5 to 7 year olds</td>

<tr>
<td>Junior Division</td>
<td>8 to 13 year olds</td>
<td></td>
</tr>
<tr>
<td>Senior Division</td>
<td>14 to 19 year olds</td>
<td></td>
</tr>
</tbody>
</table>

**What is a Cloverbud?**
Any youth who turns 6 years of age during the 4-H program year may join 4-H as a Cloverbud. Cloverbuds Project is the only 4-H program a youth can join between the ages of 6 and 8. When a youth turns 9 during the 4-H year, they may join as a regular 4-H member, who can participate in a variety of projects. Cloverbuds may compete in 4-H events, but can only be awarded a participation ribbon.

**What is a 4-H Leader?**
Adults and teens provide guidance and serve as leaders for club and project work. Parents are usually the best source of adult leaders—but not the only source. Other friends of 4-H and teens are often willing to help and can have key leadership roles. Volunteering as a leader can be a great opportunity!

**Forms**
In order to keep track of all of the members involved in the program and in various events, a variety of forms are used.

**Enrollment Forms:**
Enrollment forms are necessary to be completed each year, along with yearly Medical History forms, Media Release form, Travel Release form, Code of Conduct, and Livestock and Horse Release forms. Re-enrollment forms, along with your 4-H fees, are **due October 1** and will be accepted until **May 1** which is the absolute **last day deadline**. **Enrollment fees must be returned with the enrollment forms in order for a member to be enrolled in the program. (New Volunteers—$40, Re-enrolling Volunteers—$15)**

First year enrollment forms, along with the above-mentioned forms and appropriate new member booklets, can be obtained by calling the Extension Office. Re-enrollment forms, yearly forms, and project materials will be distributed by the organizational leaders. If you did not receive these forms or your requested materials, contact the Extension Office and they will be happy to send those out to you via email or mail.

Review the re-enrollment form to make sure that your “Year in 4-H” appears correct and all projects listed are correct. If a project is not listed that you have been enrolled in or want to be enrolled in, please add to the list. Also check the column listing the number of years you have been in this project for accuracy.

**Medical and Media Release Forms:**
Why do we need these forms yearly?
- **Medical Release:** This allows a 4-H leader or volunteer to seek out medical care for you if you were to become ill or injured during a 4-H club meeting or event and your guardian was not immediately available. This form is especially important yearly if you are on any medications or have any known allergies as this might have changed since last year.
**Media Release:** This form protects members who, for a variety of reasons, do not wish to have their photo published in the newspaper, on the web, or in other print. Without this form, we are prohibited from publishing your photo, so if you’re hoping to see your picture in the paper, please complete this release form.

**Travel Release:** This is also necessary yearly so that the Extension Office and leaders will know if a member is allowed to ride with others to events and activities.

**Livestock Release:** This form is necessary for you to acknowledge that working with animals can be dangerous. It tells us that you and your parents are aware of the risks.

**Horse Release:** Like the livestock form, the horse release form asks for you to acknowledge that horses can be dangerous. Also, horse members must either ride with a helmet, or sign a helmet release waiver.

If applicable, PLEASE make sure both sides of the form are filled out AND that your parent or guardian has signed the form(s).

**Other Forms**

Forms are required for a number of events in 4-H such as camp, 4-H Congress, fair, and much, much more. Be sure to watch your newsletters and listen at your club meetings so that you don’t miss a deadline!

**4-H Projects**

Every member is required to enroll in and complete a minimum of one project per year. If a member wants to advance to higher levels in a project, they must complete the records and project requirements for that project.

- 4-H is based on a “Learn by Doing” model. Projects are a hands-on education activity.
- There is a huge variety of projects that members can choose that hold a special interest for them. Members are encouraged to take a realistic number of projects that they can complete each year.
- Each project has specific requirements that the member must complete in order to advance to the next level in the project.
- Project Drop/Add deadline is May 1.

**What is a Project Leader?**

Project leaders are adult volunteers who help members to complete their projects. If your project has a leader, they will most likely schedule meetings to work with you. If not, you may contact them to request assistance.

Not all projects have a leader. If you sign up for a project that has no leader, you can ask another leader or your club leader for help, or you can drop the project by the May 1 deadline. If you do not drop the project by May 15th, you will be expected to complete the project.

**How do I get Project Manuals?**

Each club in Stillwater County is different. You will need to check with the club you enrolled with to figure out how they get their manuals to the members. Some clubs will get the forms from the members and then order them through the club all at once and then again some families/clubs will purchase them on their own. So again, please double check with the club that you are enrolled in to receive your project manuals or project books.

Please read the front part of the project books to learn more about completion requirements. Most workbooks require completing 7 activities per year. If you cannot find the completion requirements for your project, contact your club leader or the Extension Office. If the required number of activities is not completed, the member will not be advanced to the next level in the project. Project completion must be demonstrated in the member’s record book.
**4-H Record Books**

4-H records are the ones which record your accomplishments and triumphs during the year. 4-H records are COOL!! And FUN!!! It’s like writing your own history helping you track what you do, when you did it, and what you learned while doing it. Records are your way of saying:

“**Yes! I DID IT!**”

Completing your record book can give you a sense of personal accomplishment: after all—YOU did it! And this is the way the Extension Office and leaders can keep track of how far each member has progressed in their projects for the year and what type of recognition they will receive. Good record keeping can help you set challenging goals, such as:

**Purpose & Goals**

Specific goals for keeping 4-H records are to:
- Help you earn credit for completing the 4-H year
- Keep a positive attitude in your life—don’t use *bummer* words like can’t won’t, never, maybe, if—they may stand in your way of having fun and reaching your goals
- Instill good record-keeping habits
- Develop analytical thought processes by using records as a basis for decision making and setting future goals
- Practice self-discipline
- Provide a measure of member/leader accomplishments including life skill development through activities and projects
- Establish support documentation which may be used for applications such as job resumes, scholarships, and awards

Here are some fun things you will learn with your record keeping:
- How to deal with life beyond 4-H
- Organization of time and material—accuracy and neatness
- Logical thought processes; question and challenge
- Teamwork, both competitive and non-competitive
- Plan development, completion and evaluation
- Problem solving
- Learning responsibility and eliminate excuse-making
- Learning how to learn and to follow instruction
- Creativity
- Bookkeeping and financial skills

**Record Book Guidelines**

- Record books are required to be completed in full in order to advance to the next project level and for completion of the 4-H year. You will not be advanced for your current year until your record books have been turned in and evaluated for completion by your club leaders.
- **Record books must be turned in to the 4-H leader prior to the August Leaders Council meeting.** They will be checked for completeness; if deemed excellent, they will be awarded the “Gold Seal of Excellence” award. For detailed help in completing your records, refer to the manual “For the Record”. Extension will be glad to send one out to you.
- What is a completed record book?
  - Enroll in and complete at least on project
  - Identify and achieve at least 3 overall goals for the year
  - Complete the “My 4-H Year” journal form
  - Fill in each of your record journals with the things you do throughout the year. If you record this as you do it, it will not be such a headache at year end.
  - Participants in at least 3 activities, such as judging, demonstrations, public speeches, tours, reports at club meetings, and record them in, “My 4-H Year.”
  - List any awards and honors you receive—both 4-H and other
  - Complete the Project & Financial Journal for each project you were enrolled in
  - If you own an animal, keep records for it—no matter what type it is. Please use the Stillwater Animal Journal forms.
Think of record keeping as teaching us another “Life Skill,” one of 4-H learning tools. This is a great way to hold on to your memories about each incredible year you have/had in 4-H. Use your record books (primarily in “My 4-H Year”) to write down what you want to accomplish by the 4th, 8th, and 12th month of the 4-H year. Think what fun it will be to look back in years to come and remember what you did and how much fun you had. AND these records can be used as a reference for scholarships and job applications.

The Extension Office is willing to offer assistance with record books throughout the year at club meetings or call or come in to the office at any time for help with them.

Having trouble setting your goals? Getting started in your project books or record books? Or if you need help with any aspect of your project books or record books, call the Extension Office for help, 406-322-8035.

**Stillwater County 4-H Events**

**Stillwater County 4-H Event Grievance Policy**

In the event that something occurs during a Stillwater County 4-H event that you would like to challenge or question, we encourage you to complete the Stillwater County 4-H Grievance Policy Process. Forms will be available at the fair or anytime at the Extension Office. All grievances must be submitted in writing within 3 business days of the situation causing the grievance. A copy of the grievance policy is located in this manual.

The 4-H boy and girl are more important than the 4-H projects.

4-H is not trying to replace the home, the church, and the school, only to supplement them.

4-H’ers are their own best exhibit.

No 4-H award is worth sacrificing the reputation of a 4-H member or leader.

Competition is a natural human trait and should be recognized as such in 4-H club work. It should be given no more emphasis than other fundamentals of 4-H.

Learning how to do the project is more important than the project itself.

A blue ribbon 4-H’er with a red ribbon pig is more desirable than a red ribbon 4-H’er with a blue ribbon pig.

To “learn by doing” is fundamental in any sound educational program and is characteristic of the 4-H program.

Generally speaking, there is more than one good way of doing most things.

Every 4-H member needs to be noticed, to be important, to achieve, and to be praised.

Our job is to teach 4-H members **HOW** to think, **NOT** what to think.
-Purpose of 4-H-

Projects are important, but the overall purpose of the MSU Extension Service youth program in Montana is actually to provide experiences that help youth become effective citizens in our democratic society. Each member must carry a project, but the development of the youth is what is most important—not the making of the dress or the raising of an animal.

All young people have basic needs which must be satisfied if they are to become adjusted persons. These needs are confidence, security, curiosity, status, acceptance, responsibility, recognition, and a philosophy of life. The purpose is to make these needs accessible.

-The Purpose of Projects-

We feel the overall purposes of 4-H can best be fulfilled by having the youth work on a project. The project is actually a tool! Here’s why:

- Projects offer real life experiences.
- Projects carried by several members create more interest for each.
- Members work toward a standard of competence and excellence.
- Members improve themselves by trying to beat their own best achievements.
- Members are given opportunity to compare their progress with others.
- Projects offer members opportunity to explore careers.
- Projects help members decide on a type of work they may prefer.
- Members are taught they should be more concerned with the learning involved than with just completing their project. The broader and more thoroughly the members are into their projects, the more they will learn about the projects.

-The Leader’s Role-

Your job as a youth leader is to help each youth find out what they want to do. Then try to help them do it. You may open doors and help them to see their goal, but do not set the goal for them. You may teach them to think, but do not think for them. You may counsel with them, but do not manage them. Your job is to teach, not govern; to guide, not control.

The Organizational Leader may find themselves involved in:
1. Organization of the club at the beginning of the year.
2. Obtaining supplies and materials (project literature, enrollment paperwork, Clovers, etc.)
3. Directing development and coordination of the program.
4. Providing opportunities for officers to perform their duties.
5. Assisting junior leaders by providing worthwhile experiences.
6. Assembling reports for the County Extension Office.

Specific duties of the Project Leader may include:
1. Assisting members establish realistic goals.
2. Offering ideas and encouragement in development of the club’s overall program.
3. Helping arrange and conduct training and work meetings for members in the project area.
4. Maintaining close contact with members to keep them informed of their progress and where they may need assistance.

-The Parents Role-

Parent cooperation in the 4-H program is vital to its success. 4-H leaders and Extension agents may interest youth in becoming 4-H members but it takes the good will and help of parents to keep them interested, enthusiastic and taking an active part. A child’s attitude and what he/she is able to accomplish is strongly influenced by the attitude and activity of his/her parents.

What Parents Can Do...
1. Hold 4-H meetings in their homes.
2. Help members select, finance and manage their projects.
3. Encourage record keeping.
4. Help members get to 4-H meetings and events.
5. Attend 4-H meetings and events.
6. Serve on committees to help plan and conduct 4-H events.
7. Share special talents, such as piano playing, song leading, flower arranging, camp leadership, crafts, animal knowledge, etc.
8. Help leaders conduct project work.
9. Help leaders locate and secure other qualified adults to conduct project work and help with 4-H activities.
-The Member’s Role-

The 4-H program seeks to provide informal educational opportunities for mental, physical, social and spiritual growth of young people, so they may lead useful, satisfying lives and be better prepared for adult citizenship responsibilities.

- The member should have sufficient interest in the project or activity so that he/she wants to do the work.
- The member participates in the activities (demonstrations, tours, exhibits, etc.) of his/her local 4-H club.
- The member keeps records of his/her 4-H project work in order to have a better understanding of what has happened during the year.

-Montana 4-H Life Skills-

◊ Fostering positive self-concept
◊ Learning decision-making and responsibility for choices
◊ Developing an inquiring mind
◊ Relating to self and others
◊ Acquiring a concern for communities—local and global

Stillwater County 4-H Grievance Policy and Procedures

The County Extension Agent and/or current 4-H committees will make rule(s) interpretation and decisions. When an individual has given verbal notification of grievance of a rule or policy infraction and the concern is not satisfied, a written request is needed to file a grievance.

Submission of Statement of Grievance:
The party(s) grieving the process or decision shall file a formal written statement of grievance, and complete the Grievance/Appeal form. The statements must be filed no more than 3 days after the incident or notification of the results of the grievance if they wish to file the grievance to a higher level.

The statement shall contain the following information at a minimum:
1.) The date and location of the incident
2.) The name(s) of the people filing the grievance
3.) A complete statement describing the incident including all facts upon which the complaint is based.
4.) Any rules, regulations, policies and/or procedures which have been violated, if any
5.) List the names and addresses (preferably with phone numbers) of people who have been involved and their role in the incident.
6.) A proposed resolution or the result the party filing the grievance recommends
7.) Signatures of those submitting the grievance

The grievance should be turned into the Extension Office. If it occurs during the fair, the grievance should be turned into the fair office.

Grievance Committee:
The Grievance Committee will include:
- All designated 4-H Superintendents—including, but not limited to livestock and indoor project superintendents.
- 4-H Council President
- The County agent as mediator
- FFA Advisor (if the grievance involves an FFA member)

A secretary will be designated from the group to take notes. A quorum of the committee consists of 5 committee members and is required to take action on any grievance.

Procedures:
The County Agent will convene the meeting and notify everyone involved with the date, time and location. The person(s) filing the grievance must be present at the hearing or available by phone to express their concerns. In the interest of time and to make it fair for everyone involved, the length of time each person is allowed to talk may be limited. If the procedure escalates to include inappropriate behaviors (i.e.: foul language, improper gestures, threats, etc. as determined by the majority of the grievance committee) the grievance will be immediately dismissed resulting in an elimination of the grievers’ rights.

After discussion the person(s) filing the grievance will be excused from the committee meeting and committee members must vote. All committee members must vote, (unless excused for a direct conflict, and will not be included in the vote.) The decision is determined by the majority of the votes cast. Votes will not be publicized.

If a member of the grievance committee files a grievance/protest they must withdraw from the committee during the process. If wording or technical terms are involved a professional in the field may be present to provide information. The people directly involved in the first decision(s) will attend the grievance committee meeting(s) to provide background information. If applicable, the club Organizational Leader and/or FFA Advisor of the person filing the grievance will be notified and is strongly encouraged to attend the discussion portion of the Grievance Committee Meeting.

Appealing a decision of the Grievance Committee:
If the person filing the grievance or the individual(s) affected by the grievance are not satisfied with the decision of the committee, they may request a hearing with the Council Executive Committee. The process and procedure needs to follow the same course as it did in the original grievance but be directed to the Council Executive Committee. The mediator is the County Extension Agent.

All committee members must vote, (unless excused for a direct conflict, and will not be included in the vote.) If the vote is a deadlock the decision of the Grievance Committee stand and cannot be overturned.

FAQ – Frequently asked Questions

Passwords and E-mail Addresses

Q: I forgot my password, how can I get it?
A: On the login page, click on "I forgot my password" and then click "Send My Password"

Q: I forgot the e-mail address that I used, how can I get it?
A: You will need to contact your county Extension office and ask them to look at your profile for the correct e-mail address.

Q: I requested my password to be sent, but it never came, what can I do?
A: Contact your county Extension office and ask for your password to be reset.

Q: If I forgot my e-mail and/or password, can I just set up another profile?
A: No! If you do that it duplicate the enrollment numbers in the system and creates multiple profiles for families and 4-H members and does not allow you to create a "transcript" of all your 4-H events.

Q: I was given/e-mailed a password but when I typed it in, but it did not work?
A: Because of the sensitivity of the passwords it is recommended that you "cut and paste" the password into the password field. Then once you are logged into the system, you can reset it to something more memorable, as long as it has a minimum of 8 characters & includes letters, plus numbers and/or symbols.

Family and Individual Profile

Q: I completed my profile over a week ago and it is still pending, what do I do?
A: Contact your county Extension office and ask them to approve your enrollment, or ask if there are any problems with it.

Q: If I enrolled using the paper format, how do I access my 4HOnline account?
A: If you did not enroll using the Montana 4-H Online software, and would like to access your account, please access the Montana 4HOnline software at http://mt.4honline.com, select “I forgot my password,” type in your email address and click the Login button.
New Volunteers (first year) will need to fill out a paper form so that we can run a background check. Please see office for form.

Montana State University Extension: 4-H Horse Helmet Policy

A certified equestrian helmet with safety harness fastened in place is required in over fence classes and gymkhana events, activities, and practice sessions. Gymkhana refers to horseback speed events (timed or un-timed) that do not use livestock. Events that usually fall in this category include, but are not limited to: barrel racing, pole bending, keyhole races, stake races, rescue races, pony express race, etc. Events that are not intended to be included in this policy are events such as calf roping, team roping, goat tying, and team penning that may be timed but use livestock.

Participants in the 4-H Horse Project are required to attend a helmet education workshop and/or view the video "Every Ride Every Time" once as a junior 4-H member (9-13) and once as a senior 4-H member (14 and up).

It is the responsibility of the parent or guardian of the 4-H member to see that the headgear worn complies with such standards and is in good condition. The Montana 4-H Center for Youth Development encourages the use of ASTM certified/SEI approved safety helmets in all equine events. Protective headgear may be used in all classes and shall not be discriminated against.

Helmet use is encouraged in all 4-H horse activities any time a 4-H member is around a horse. Counties may establish more stringent policies regarding helmet use.

I have read, understand, and agreed to adhere to the above Montana 4-H Horse Helmet Policy in order to participate in the Montana 4-H Horse Project.

**Independent Study/Self Determined Projects**

**Definitions:**

**Self Determined Project:** offers an opportunity to develop and carry out a project or individual design. This means selecting a topic, deciding upon goals, obtaining resources, and designing records. The project can cover any subject and may or may not be related to any current 4-H project. (these projects are typically designed around an individual interest in which there is not currently a formalized project offered within the County).

**Independent Study:** is for any youth who are looking for opportunities and new challenges within a specific project in which the member is currently enrolled. The members determine specific experiences needed to accomplish project goals, and locate resources helpful in carrying out their plans. This is for after ALL levels have been completed for that specific project area. (example: utilizing project “option” books available through the County Extension office instead of the project manuals that are designated for each project.)

**Deadlines:**

**Self Determined:** Self Determined project plans must be turned into the County Extension Office by May 1. These plans will be reviewed and approved as a project before moving forward.

**Independent Study:** A member enroll in the “Independent Study” portion of a specified project area as designated in the 4-H Clover. 4-H project enrollment deadlines apply. Members must also turn in the Independent Study Form with their 4-H Fair Entry. All Entry deadlines apply. If the form is not turned in, members are required to utilize a 4-H Project Book and complete the designated activities in order to complete their project and be eligible for sale at the fair.

**Materials:**

**Self Determined:** All project records are required as well the You Decide, 5314 as designated in the 4-H Clover.

**Independent Study:** All project records for the specified project (i.e. market beef, cooking, leather, etc.) are required. The Independent Study Form (available from the Extension Office) is also necessary to complete the project.

This form may be completed on your computer, using Adobe Acrobat Reader. If you don’t have the latest version of Adobe Acrobat, you can download it for free at http://get.adobe.com/reader If you do not wish to complete this form on your computer, you may print the pages you need, and write on the form.

ONLY PAGES 2 THROUGH 7 OF THIS DOCUMENT ARE YOUR RECORD FORM The remaining pages are extra pages that you may need to record additional information. This instruction page is not part of your record book and can be removed.

Your photo can be inserted directly into the form. Due to the limitations of Adobe, the image needs to be in a .pdf format, and will be resized to fit the space provided. Alternatively, if you don’t have software to convert your image to a .pdf file, you may print your photo separately, and attach it to the page after you print it.

If you need additional space for any of the sections of the form, check the box at the end of that section, and add additional information on the appropriate page at the end of the form. Be sure to transfer subtotals to the appropriate section at the beginning of your record book. If you still require additional space, make a copy of this file and complete the appropriate section, saving that particular page to print when you compile your record book.

At the end of the year, when it is time to print out your record form, use your printer properties to print only the additional pages you completed. For example, use the format 2-7, 10 to print pages 2 through 7(record form) and 10 (additional page).
